Hello dear parents!

As Mayor of the city of Emden, I would like to congratulate you on the birth of your child!

Raising a child is a great joy. It is also certainly the most beautiful, but also the greatest challenge for any parent. The Emden City team would like to assist you with advice and support from the very beginning.

In cooperation with many independent organizations, the city of Emden has a wide range of services ready for you and your child ranging from childcare to health advice.

I would like to give you and your child a small present in the form of a welcome package. The package has been curated by the city of Emden and many institutions, clubs and associations and will be presented to you by an employee of the Ev. Familien-Bildungsstätte as part of our "Kinnertied".

The employees of "Kinnertied" would like to visit you on XX.XX.XXXX and inform you about the various parent-child-services/offers. If you would like to be visited at a different time or at a different place, please contact the
